STEP 1 & 2: TABLE TOP AND BASE ASSEMBLY

STEP 1: Attach middle connection section (B) to table top (A) using bolts (E) and washers (F), tighten all bolts using the Allen key (G).

STEP 2: Place assembled table top into the bottom base (C) until it clicks into place.

STEP 1 & 2: ADD GLASS

STEP 3: Carefully place the glass (D) on top of the table top (A) after it is clipped at your desired height.

CHANGE TO THE OTHER HEIGHT:

STEP 1: Lift the table top and move slide forward until you feel the top clip into the high adjustment, or to lower table height, lift up the table top a little bit and move backward to the left direction to adjust to the lowered height.

STEP 2: Once it is in the correct position for your desired table height, gently place the table top back into the slot of the base frame

ADJUSTMENT INSTRUCTIONS

1. For a rectangular adjustable table, two people are needed.
2. Place foot into the step at the bottom of the table base to stop the table from moving when making the adjustment.
3. Place hands on either side of the table top, and gently pull until you feel the table unclip from the base frame.
4. Lift the table top and move slide forward until you feel the top clip into the high adjustment, or to lower table height, lift up the table top a little bit and move backward to the left direction to adjust to the lowered height.
5. Once it is in the correct position for your desired table height, gently place the table top back into the slot of the base frame.
6. Holding the table top at either side, gently push until you feel it click back securely into the base frame.
7. Make sure the table top is securely and evenly in place before use. If the table top is not correctly in place, repeat steps 2 to 6 until you are happy the table top is secure and at your desired height.
